VOLUME 65 · SUBJECT INDEX

Abdominal

- pain, recurrent, abnormal small bowel permeability and duodenitis, 1311
- wall defects, antenatal diagnosis, missed opportunity, 687 *fn*
- Acro-dynia (pink disease): forty years ago, 1182
- Actinomycosis causing thoracic mass, 991
- Adolescents with severe intellectual handicap, survey, 1133
- Adrenal function in asthma, 838

Aerucol

- amount reaching lungs, 401
- therapy in the newborn: report of a workshop, 906

AIDS and haemophilia, 1301

Air leaks and vasopressin release, 1259

Airway

- function in infants with vascular rings, preoperative and postoperative assessment, 171
- obstruction, acute, increased plasma concentrations of prostaglandin metabolite: correspondence, 559

Alfentanil pharmacokinetics, preterm infants, 349 *fn*

Allergic bronchopulmonary aspergillosis and cystic fibrosis, 507

Alpha₁ antitrypsin deficiency, severe hypertension after liver transplantation, 1217

Alpha fetoprotein, low serum as marker for diaphragmatic hernia: correspondence, 912

Amniotic fluid insulin concentration as predictor of obesity, 1050 *fn*

Anaemia

- discovery at child health clinics, 892
- risk factors in milk intake patterns, 428; correspondence, 1184
- preterm infants, red cell volume and cardiac output, 672 *fn*
- Anal masturbation and nocturnal faecal soiling, 1367
- Aneurysms of the vein of Galen: correspondence, 337

ANNOTATIONS

- Antibiotic treatment of suspected neonatal meningitis, 1 *fn*
- Aplastic anaemia: continued cause for concern, 1105
- Atrial natriuretic factor: the heart as an endocrine organ, 1293
- Audit—where do we go from here? 1107
- Cerebral ultrasound and neurological impairment: telling the future, 469
- Cold comfort for the catarrhal child, 1295
- Craniosynostosis and the paediatrician, 568
- Diagnosis and management of subglottic stenosis after neonatal ventilation, 1103
- Do chesty children become chesty adults? 161
- The genetics of deafness, 1196
- Genomic imprinting, 1013 *fn*
- Head retraction and respiratory disorders in infancy, 567
- Hearing screening in children—state of the art(s), 1193
- Impairment, disability, and handicap, 819
- Incidence and prevalence, 471
- Management of infantile gastroenteritis, 917
- Management of threadworm infestation during pregnancy, 399
- Maternal employment, 565
- Neonatal infections with coagulase negative staphylococci, 1015 *fn*
- New insights into the haemolytic uraemic syndromes, 713
- Pathogenesis and management of aspergillosis in cystic fibrosis, 397
- Phenobarbitone and febrile convulsions, 921
- Postviral fatigue syndrome, 1198
- Proper use of growth hormone, 70
- Respiratory problems and cystic adenomatoid malformation of lung, 649 *fn*
- Rubella reinfection, 820
- Somatic gene therapy for genetic disease, 72
- Sore throats, 249
- Surgery for gastro-oesophageal reflux, 1291
- Terminology in community child health—an urgent need for consensus, 817
- Transcutaneous carbon dioxide monitoring, 345 *fn*
- Treatment of sepsis with IgG in very low birthweight infants, 347 *fn*
- Use of hearing aids in infancy, 919
- Anti-*Escherichia coli* antibody, and immunoglobulin in lower respiratory tract secretions, less than 1500 g birthweight, 48 *fn*
- Antibiotic treatment of suspected neonatal meningitis: annotation, 1 *fn*: correspondence, 810
- Anticonvulsant
 - monitoring, rapid, in epilepsy clinic, 264
 - treatment after first fit, do children need?: Archivist, 1277
- Antidiuretic hormone, excessive secretion in infections with respiratory syncytial virus, 1237
- Antiemetic, 5-HT₃ antagonist ondansetron, in cancer treatment, 822
- Antimicrobial treatment for urinary tract infections: current topic, 327

Antiviral and antibacterial lipids in human milk and infant formula feeds, 861

Anorexia nervosa complicating inflammatory bowel disease, 298

Aortopexy, role in management of primary tracheomalacia and tracheo-bronchomalacia, 438

Aplastic anaemia, continued cause for concern: annotation, 1105

see also Anaemia

Arachnodactyly, contractural, with mitral regurgitation and iridodonesis, 317; correspondence, 1012

Arterial hypoxaemia, severe, and intrapulmonary shunting with recurrent cyanotic episodes, sudden death mechanism, 953

Arteriovenous

- haemodiafiltration, continuous, for hypernatraemia correction, 628
- malformations in vein of Galen: correspondence, 559

Artificial

- food colours, effect on childhood behaviour, 74
- surfactant (ALEC), premature babies treated with, follow up, 667 *fn*

Ascites, fetal, unusual presentation of Niemann-Pick disease type C: correspondence, 335

Aspergillosis in cystic fibrosis, pathogenesis and management: annotation, 397; correspondence, 1288

Asphyxia, birth, acute renal failure after, 1021 *fn*

Aspirin use and Reye's syndrome, incidence trends, 826

Asthma

- acute, episodic, intermittent high dose inhaled steroids, preschool children, 407
- adrenal function, 838
- bronchial, and acid reflux into distal and proximal oesophagus, 1255
- deaths survey, Northern region, 1970-85, 163

- Asthmatics, ventilated, long term outcome, 1324

Atopic eczema

- and herpes simplex infections: correspondence, 333
- hyponatraemia, and hyponatremia, 231

Atrial natriuretic factor

- the heart as an endocrine organ: annotation, 1293
- in hydrops fetalis caused by Rh isoimmunisation, 683 *fn*

Atrioventricular septal defect, complete, natural and modified history, 17 year study, 964

Atropine, endotracheal and intravenous administration compared, 449

Audit *see* Medical audit

Auditing community screening for undescended testes, 888

Azathioprine treatment, hypertension after renal transplantation, 275

Bacterial

- meningitis changes, 495
- reservoirs in cystic fibrosis, 175
- Behaviour, childhood, effect of artificial food colours, 74
- Behavioural states, normal mature human fetuses, 39 *fn*
- 3 β -hydroxy- Δ 5-C₂₇-steroid dehydrogenase deficiency causing chronic liver disease, chenodeoxycholic acid in treatment, 1121
- Bilateral sensorineural hearing loss in children, prevalence of otitis media with effusion, 757
- Bilirubin binding to albumin, effect of indomethacin, 690 *fn*
- Billard, Charles-Michel, (1800-1832), pioneer of neonatal medicine: perinatal lessons from the past, 711 *fn*
- Birth
 - natural, and Charles White (1728-1813): perinatal lessons from the past, 395 *fn*
 - weight at full term and Ramadan, Asian Moslem pregnant women, Birmingham, 1053 *fn*
 - less than 750 g, peak inspiratory pressure requirements, 1045 *fn*
 - ratio and outcome, preterm infants, 30 *fn*
 - specific trends in cerebral palsy, 602
 - very low, appropriate for gestational age, increases in pulsatile weight, 373 *fn*
 - infants, cerebral palsy, 201
 - sepsis treated with IgG: annotation, 347 *fn*
- Blood pressure, and cerebral blood flow velocity, on line measurement, neonates, new method, 11 *fn*
- Body mass indices, properties and clinical implications, 516
- Bone
 - mineral depletion, preterm infants, spontaneous resolution, 1038 *fn*
 - mineralisation in twin to twin transfusion syndrome, 705 *fn*
- Boric acid bottles or Dipslides for home collection of urine specimens, 286

Breast

- feeding, decline, 369 *fn*
- duration and caesarean section, Brazil, 632
- milk, human, lymphocytes bearing T cell receptor $\gamma\delta$, 1274
- Breath hydrogen excretion in infants with colic: correspondence, 248
- Breathing and hiccups, human fetuses, 1072 *fn*
- British Paediatric Surveillance Unit: report, 807
- Bronchial asthma and acid reflux into distal and proximal oesophagus, 1255
- Bronchiectasis, ciliary aplasia, and hydrocephalus, 543
- Bronchiolitis, acute, latent sensitisation to respiratory syncytial virus during, and lung function after recovery, 946
- Bronchodilator treatment by simple spacer device for wheezy premature infants, 782
- Bronchopulmonary dysplasia
 - dexamethasone treatment, catabolic state: correspondence, 560
 - early diagnosis, prophylaxis, and treatment: personal practice, 1082 *fn*
 - new look at management: personal practice, 1089 *fn*
 - severe, pulmonary circulation changes, 739; correspondence, 1378
 - then and now: current topic, 1076 *fn*

Caesarean section and breast feeding duration, Brazil, 632

Caffey's syndrome: forty years ago, 1164

Calcium

- phosphate, and magnesium, renal excretion and intact parathyroid measurement, 1208
- and phosphorus solubility in neonatal intravenous feeding solutions, 352 *fn*

Callosal hypoplasia in non-ketotic hyperglycaemia, sonographic and pathological features, 670 *fn*

Cancer, childhood

- cure at what cost?: current topic, 638
- late deaths after treatment, 1356
- palliative care, home, hospital, or hospice: personal practice, 641: correspondence, 1378
- treatment, 5-HT₃ antagonist ondansetron as antiemetic, 822
- Capillary haemangioma presenting as lung pseudocyst, 1162

Carbamazepine

- acute liver failure induced by, 315
- slow release, in treatment of poorly controlled seizures, 930

¹³Carbon dioxide breath test to assess intraluminal lipolysis, 574

Carbon dioxide monitoring, transcutaneous: annotation, 345 *fn*

Cardiac

- failure, neonatal, acquired transient protein C deficiency: correspondence, 158
- output, and red cell volume, anaemic preterm infants, 672 *fn*
- reproducibility of measurements, Doppler ultrasound, newborn infants 15 *fn*

tumours, fetal and neonatal, presenting with tuberous sclerosis, 377 *fn*

- Sepsis,** treatment with immunoglobulin G, very low birthweight: annotation, 347 *fn*
- Septicaemic newborn infants,** rectal-skin temperature difference, 380 *fn*
- Serious illness markers,** infants under 6 months old presenting to children's hospital, 750
- Sextuplets,** preterm, five year outcome related to size at birth, 451
- Sexual abuse,** and lichen sclerosus: correspondence, 335; correspondence, 1184
- Sexually abused battered child,** 423
- Short**
 bowel syndrome, D-lactic acidosis, dietary management, 229
 reports, writing economically: editorial, 251
 stature, mental retardation, and hypoparathyroidism, a new syndrome, 1113
 in renal disease, treatment with recombinant human growth hormone, 856
 and sleep habits, 119
- Shwachman syndrome,** psychological characteristics of children with, 1349
- Sialic acid storage disease,** 314
- Sickle cell**
 disease, homozygous, nocturnal enuresis determinants, 615
 haemoglobinopathies, and nocturnal enuresis, 290
- Sickling crisis,** painful, continuous papaveretum infusion for pain control, 1151
- Skin conductance and arousal,** in newborn, 1063 *fn*
- Sleep**
 disturbed, feeding and thermal environment, 499
 habits and height, ages 5 to 11, 119
 induction and white noise, 135
 position and cot death: current topic, 462
 Sleeping at home, thermographic imaging, 3 month-old infants, 1266
- Small**
 bowel biopsy, normal, followed by coeliac disease, 1137
 permeability, abnormal, and duodenitis in recurrent abdominal pain, 1311
 and oro-caecal transit time in cystic fibrosis, 585
 for dates babies, and hyperinsulinaemic hypoglycaemia, 1118
- Sodium**
 cromoglycate, amount reaching lungs by aerosol, 401
 nebulised, in infancy, airway protection after deterioration, 404
 transport, red cell membrane and essential hypertension, 1154
- Somatic gene therapy for genetic disease:** annotation, 72
- Sore throats:** annotation, 249
- Soviet Union, Paediatrics,** sister journal, 1011
- Special school paediatrician:** personal practice, 803
- Spermaturia evaluation,** gonadal maturation assessment, 1205
- Splenectomy**
 continued need for pneumococcal prophylaxis after, 1268
 partial, in homozygous beta thalassaemia, 304
 stabilisation, preoperative, congenital diaphragmatic hernia, 1043 *fn*
 Staphylococci, coagulase negative, neonatal infections: annotation, 1015 *fn*
Staphylococcus epidermidis and retention of neonatal percutaneous central venous catheters, 234; correspondence, 915
 Statistics, Annual Statistical Review, 1988, 147
 Steatorrhoea in cystic fibrosis, clinical monitoring, 99; correspondence, 913
 Steroids, intermittent high dose inhaled, in acute episodic asthma in preschool children, 407
 Sturge-Weber and Klippel-Trenaunay syndromes with absence of inferior vena cava, 546
- Style changes:** editorial, 69
- Subglottic stenosis after neonatal ventilation,** diagnosis and management: annotation, 1103
- Sudden**
 death mechanism, recurrent cyanotic episodes with severe arterial hypoxaemia and intrapulmonary shunting, 953
 infant death syndrome, growth velocity before, 1315
 incidence, ethnic differences, Birmingham, 830
 and monitoring, an update, current topic, 238: correspondence, 913
